

# FAMILY CONVERSATION STARTERS

After a long day at school or work, it can be hard to be intentional when it comes to talking about important things.

These questions are designed to spark a family chat around the dinner table.

Some questions are for fun and some go a little deeper. That's because we want our children to know that God is interested in all the details of their lives...

We also hope that some of their answers will give you clues as to the things God has placed in your child that can be nourished.

To get started, simply cut out the cards and put them face down on your table. At dinner time, a different person can choose a card and ask everyone the question. There are some blank cards for each of you to add some of your own questions.

**Have fun!**

If you could have anything at all for dinner tomorrow, what would you choose?

What is your favourite story or book?

Who is one person you know who really needs to know Jesus?

Of all the animals God created, which one is your favourite?
